9-1-1 Outages/Remote/Community Isolations

- None reported.

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Temperatures are expected to peak on Tuesday, with a trough approaching the Pacific Northwest.
- Valley temperatures on Tuesday will reach the upper 90s over the northern San Joaquin Valley and southern Sacramento Valley with a weakened Delta breeze.
- Higher temperatures are forecast over the northern Sacramento Valley with northerly flow keeping morning temperatures in the 70s and afternoon highs peaking around 105.
 - This could bring some heat impacts, especially to sensitive groups.
- Mountain thunderstorms possible 06/17/19.

SOUTHERN CALIFORNIA

- Minor flooding could occur near any creeks, as well as across a few low water crossings on roadways.
 - Near Bishop, some water will be routed through the Bishop Creek Bypass.
 - Never drive through flooded roadways or around barricades.
 - Pastureland or farmland adjacent to creeks, streams, or rivers could experience areas of standing water.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/17/19 - 06/23/19

Monday-Wednesday

- Creeks, streams and rivers are experiencing higher water flows due to recent snowmelt
- Isolated thunderstorms are possible, primarily along the Sierra
 - A drying trend is expected for Tuesday and Wednesday, with very limited thunderstorm activity
- Moderate to High heat risk will re-develop early this week
 - Especially for the Central Valley
 - The hottest day of the week still appears to be Tuesday
- With vegetation continuing to dry, fire weather concerns will remain elevated (but not critical) through this week

Thursday-Sunday

- A cooling trend will reduce or eliminate heat concerns
- Many rivers will still be running high and fast through the end of the week
- Gusty winds are expected again for the mountains and deserts of Southern Region Thursday and Friday
 - Winds will elevate fire concerns in these areas

CALIFORNIA WEATHER IMPACTS

EXPERIMENTAL HEAT RISK FORECAST

Monday, June 17

Tuesday, June 18

Wednesday, June 19

Category	Level	Meaning
Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

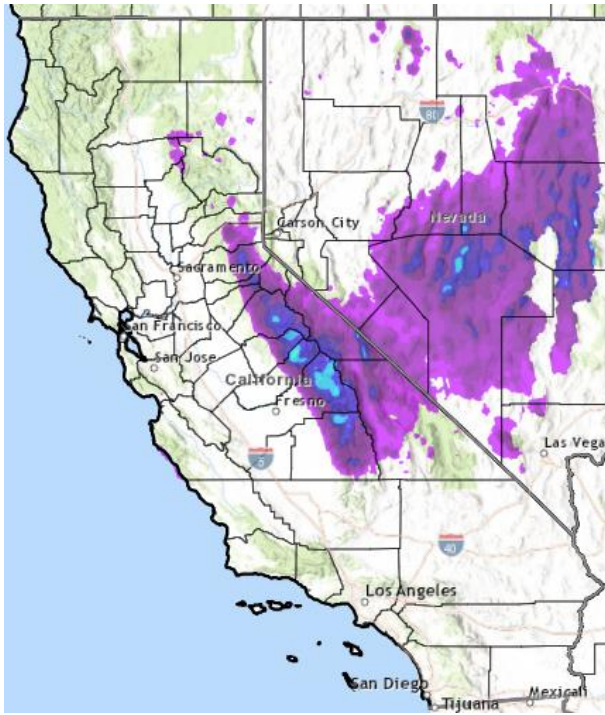

Category	Level	Meaning
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

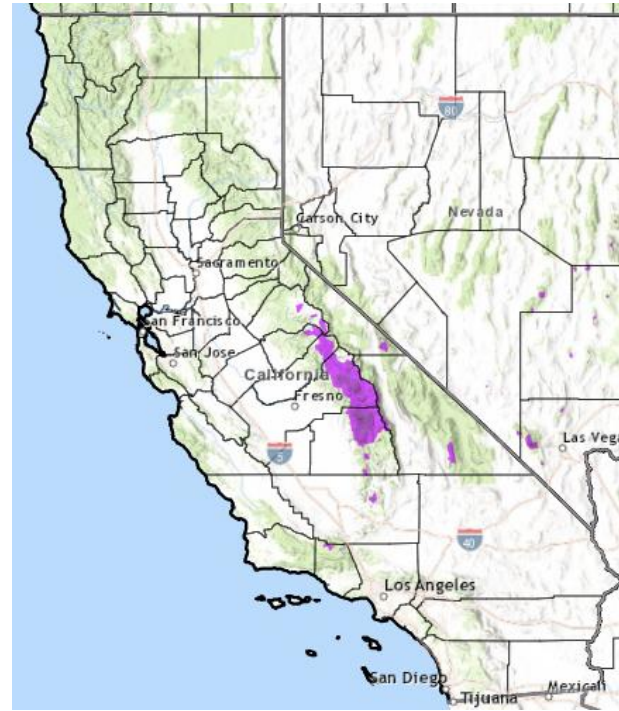

<https://www.wrh.noaa.gov/wrh/heatrisk/>

PRECIPITATION FORECAST

06/17/19 - 06/19/19

Monday, June 17

Tuesday, June 18

Precipitation (inches)

Isolated thunderstorms Monday, mainly along the Sierra. Drying, with little to no storm activity, expected Tuesday onward.

WEATHER OUTLOOK

06/22/19 - 06/30/19

6-10 Day Outlook (June 22 - June 26)

Temperatures

- Below normal temperatures favored statewide

Precipitation

- Equal chance of above or below normal precipitation across much of the state

8-14 Day Outlook (June 24 - June 30)

Temperatures

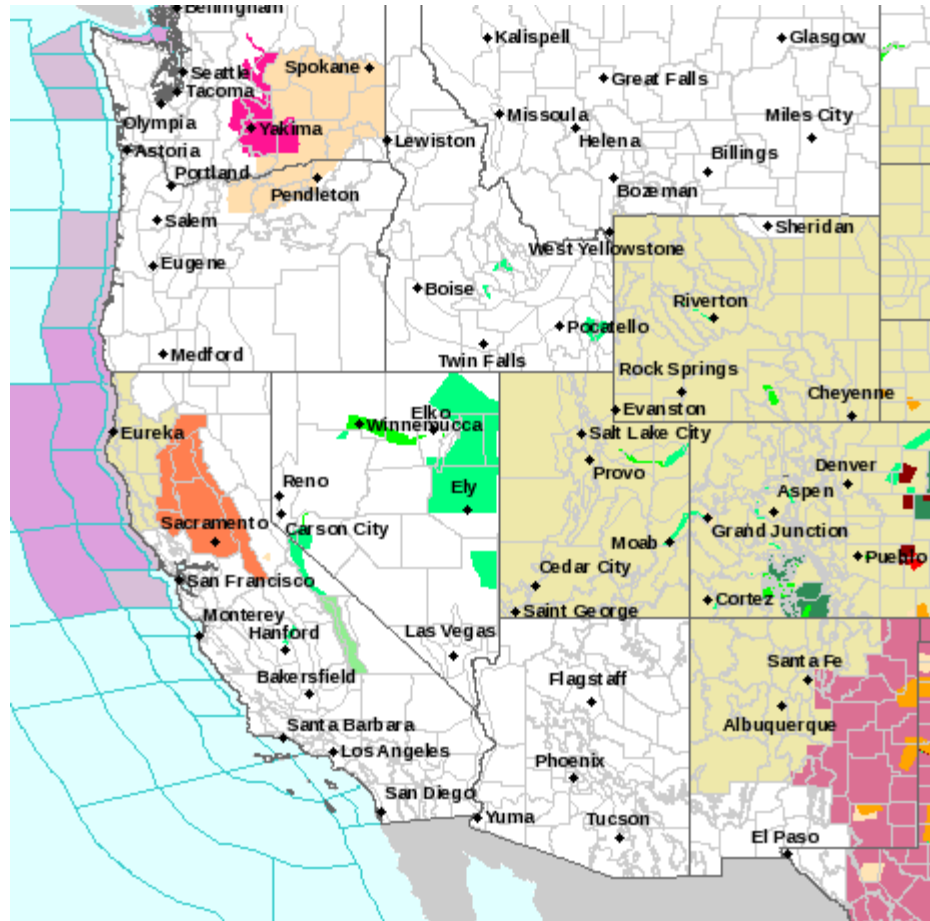

- Below normal temperatures slightly favored statewide

Precipitation

- Equal chance of above or below normal precipitation across much of the state

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-2380, 06/15/19, 2201 hours:** Inyo County Sheriff's Office requested mutual aid ground searchers to assist them with a missing person search at Mt. Whitney. The missing person is a 41 year old male whose rental car was found at the trail head on 06/15/19. Requesting as many Type 1 ground searchers from China Lake Mountain Rescue - Kern County, as they are familiar with Mt. Whitney and are relatively close. CLMR accepted the mutual aid request and committed available personnel who will meet at the Lone Pine Airport on 06/16/19 at 0800 hours and work with Inyo County Sheriff's Office searchers. **Update: 06/16/19, 1652 hours:** Inyo and CLMR teams securing due to heavy thunderstorm activity. Did locate some clues but not the missing person. Both teams will reconvene at Lone Pine at 0700 hours on 06/17/19 to start a second operational period search. **MISSION ONGOING**
- **2019-LAW-2183, 06/11/19, 1230 hours:** Yosemite National Park requested underwater side scan sonar equipment to locate a subject believed to have drowned in the Hetch Hetchy Reservoir. The adult male fell into Rancheria Creek just upstream from the reservoir on 06/06/19 and has not been located. Merced County Sheriff and Tulare County Sheriff both have the needed equipment, and are checking availability for a mission later this week. **Update: 06/13/19, 1904 hours:** Spoke to Yosemite NPS IC who has to coordinate approval with the City of San Francisco before any vessel can enter the water at Hetch Hetchy Reservoir. No expected date for required vessels to enter the water, possibly Monday, 06/17/19 if approval can be secured. Tuolumne Sheriff is aware of this situation per the IC and is on standby. **Update: 06/14/19, 1910 hours:** Yosemite National Park is still waiting for clearance from the City of San Francisco before any vessel related to the search can enter Hetch Hetchy Reservoir. There is no ETA on approval. **Update: 06/16/19, 1903 hours:** No change. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-Inland-2135:** Air monitor requested to monitor air quality in Yolo County due to the Sand Fire (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
